

CA-10 G2

The CA-10 G2 is an AR-style rifle designed for larger calibers and longer shots. The aerospace grade carbon fiber free floating handguard is contour-matched to the billet aluminum receiver set, and offered in M-Lok or KeyMod. The rifle also features a Black Nitride finished BCG and a single stage match-grade trigger assembly. Offered in stainless steel or carbon fiber barrel options. The CA-10 G2 weighs in starting at 7.2 pounds and is backed by the Christensen Arms Sub-MOA Guarantee.
